

# Yard Shed - Assembly Instructions

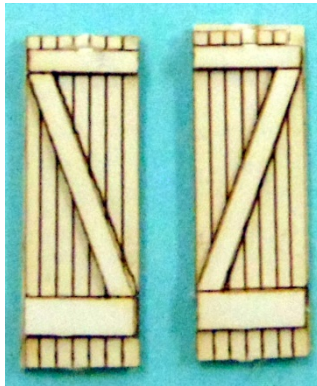

Div. 2 `Keystone', MCR, NMRA

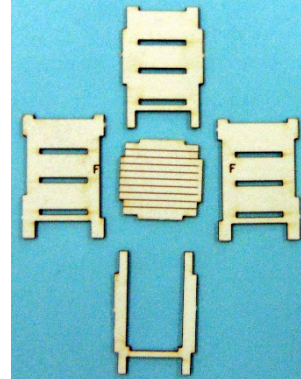

**N and HO Scales**

Parts

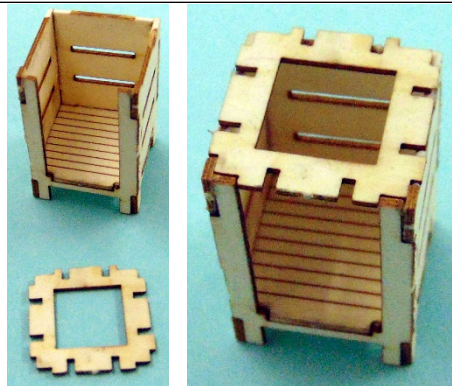

Assemble doors and set aside.

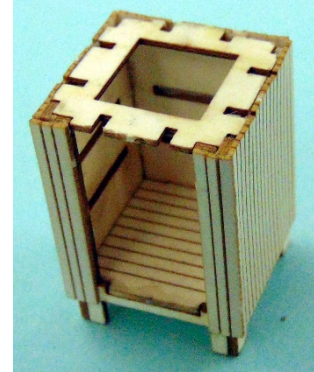

Assemble walls to floor. Start from the back. If shorter legs are desired, cut them now.

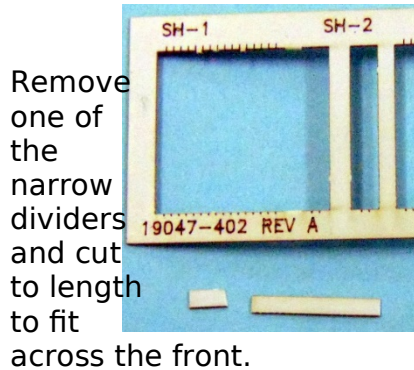

Racks/  
shelves are optional. If  
desired, add now.

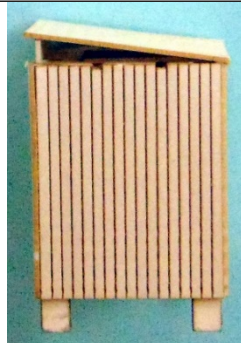

Install roof frame.

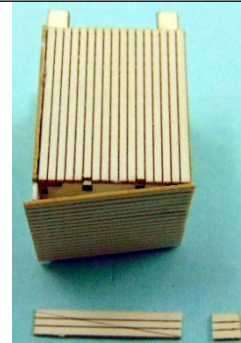

Install siding, front first.

Remove one of the narrow dividers and cut to length to fit across the front.

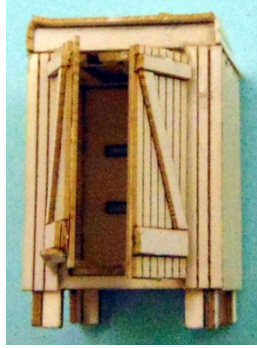

Place at the top across the front then add the roof.

Cut the three board to the length of the roof then cut in two diagonally.

Add on both sides to fill the roof gap.

Add doors.

Paint and weather as desired.
